Do you want to create the illusion of a double bridle but without using two mouthpieces? The NS Loose Ring Pelham is an innovative, lightweight, elegant cheek design that creates the illusion of doubles whilst using only one mouthpiece. The snaffle ring is both positioned and engineered to turn freely, allowing the rider to differentiate to a greater degree between the snaffle and curb reins. The loose ring is advantageous for horses that are wooden, lean or tend to over bend in the traditional Pelham. Often referred to as the Show Pelham as it is very popular for showing classes. This comfortable **TongueSMART** mouthpiece is often used in the show ring to relax and quieten the busy mouth.

CODE	MOUTHPIECE	THICKNESS	DRESSAGE LEGAL	SHANK SIZE	4 1/2" 114mm	4 3/4" 120mm	5" 127mm	5 1/4" 133mm	5 1/2" 140mm	5 3/4" 146mm	6" 152mm	6 1/4" 159mm	6 1/2" 165mm
